Future Plans and Development at Blockhaus Ahlhorn

At Blockhaus Ahlhorn we are committed to creating modern and inspiring spaces for learning, dialogue, and community life.
Currently, renovation work is taking place in the **Fireplace** room,where the floor is being renewed to make the space even more welcoming for meetings and cultural events.
We have started the process of working with an architect on the renovation plans for the **Jungenburg** building. The vision is to create a comfortable living space for young people and, at the same time, a museum dedicated to the history of democratic processes.
